

1 Listen and point.

cupboard

student

2 Count the things in the picture.
Play a memory game with a friend.

How many computers are there?

two

- desks
- chairs
- students
- pencils
- computers
- teachers
- rulers

3 Write about the picture.

I can see...

2 computers

It's the first day of school. The students are ready. But where is the teacher?

An illustration of a teacher standing in a doorway. The teacher is wearing a white shirt, a dark brown striped suit jacket, and green shoes. They are holding a light blue folder that says "CLASS 1A LIST OF STUDENTS". A speech bubble from the teacher says "Hello, everyone!". In the bottom left, there is a "COUNT" section with the question "How many students are there?". The page number "5" is in the bottom right corner. The background shows a yellow door, a teal wall, and a brown tiled floor.

CLASS 1A
LIST OF
STUDENTS

Hello,
everyone!

COUNT

How many students
are there?

Make a flag

You need:

paper

paints or
coloured
pencils

glue and
sticky tape

a stick

- 1 Paint or colour your flag design on two pieces of paper.
- 2 When the paint is dry, glue the paper together.
- 3 Attach the flag to the stick with sticky tape.

- 4 Wave your flag!
Tell your friends
about your flag.
