Sunshine to You

Good morning to you!
Ayah ooh!

Ref.: Wake up, my dear, come feel the birth of light,
Sunshine to you, open your windows wide,
Feel the spirits rise, the updrafts rise,
and feel the new born spirits arise,
Sunshine to you, the morning mists are shy.
Sunshine to you, it opens every eye.
Feel the spirits rise, in the morning breeze,
lift up your mind, your heart and senses.

1. Listen to the rising sun,
the magic birth of light,
sounds from heaven high,
to drive away shadows of the night,
the shadows of the night.
Feel the daily magic birth of light,
feel the birth of light.

Ref.: Good morning, my dear, ...

2. Wake up, world, your sleep is done,
it floods the earth with warm delight,
sounds from heaven high,
to drive away shadows of the night,
the shadows of the night.
Feel the daily magic birth of light,
feel the birth of light.
